

Kitchen Faucet 6780-PU-80CP

INTRODUCTION:

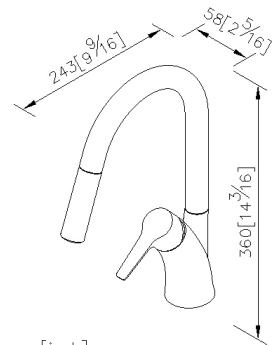

JUSTIME's Tai-chi Series faucets are inspired by the masterpiece of Mr. Zhu-ming's Tai-Chi Series sculptures, and presented the beauty of the motion of human body as a piece of artwork, and also express the Tai Chi notion of "soft against hard".

And now, the brand-new pull-out kitchen faucet not only preserves the existing Oriental aesthetic concept with modern design, valued with practicality to combine the pull-out sprayer for providing better option of kitchen faucet, whether for new house installation or old faucet replacement.

DESCRIPTION:

1. Spout is 360° rotatable, which best suits double kitchen sinks (passes 50,000-time swiveling test).
2. Handle can be moved up to 25° to adjust water flow, and swings for 45° on both sides to control hot/cold water.
3. Shift quick control button to switch water outlets between aerated stream and spray stream.
4. Sprayer hose is 30cm extensible for convenient operation, and will automatically revert back to the original position.
5. Faucet body is made of brass with plated chrome.
6. Handle is made of casting material.
7. Spout is made of copper.
