

Kitchen Faucet With Sprayer
7909-97-82CP

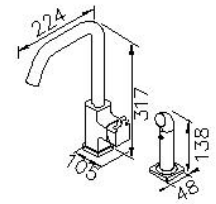

INTRODUCTION:

Designed main body style as square shape, the aesthetics of symmetry exudes a stylish and charming atmosphere. With R angle processed, it softens the right angle of hard steel, and brings more soft and elegant atmosphere to a bathroom space.

DESCRIPTION:

1. The smooth line of handle is the feature.
2. Swiveling spout has passed up to 50,000 turns test.
3. The click and lock water valve of the sprayer could be operated more conveniently.
4. The optional check valve and flow restrictor could be added into the sprayer.
5. The sprayer can stand the pressure from 0.5 to 5 kg/cm²
6. Stainless steel braided hose with SANTOPRENE tube (meets NSF approval), can stand 15Kg/cm² water pressure and 120°C heat.
7. Stainless steel braided hose with M10 x 1.0mm connected to faucet body and 1/2"-14NPSM connected to water supply system.
8. Aerator with flow restrictor (2.2 GPM max.)
